

Ideal for use in blind assemblies.

These particular sealing rings are designed for applications that require passing counter bores and retaining ring grooves. Use when restricting ring movement is necessary during assembly.

SIZE RANGES

MATERIALS

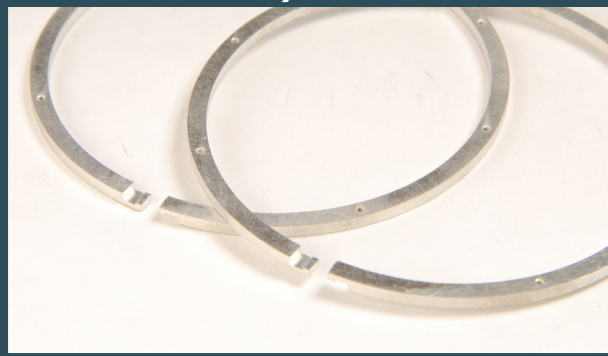

- Cast Iron
- Ductile Iron
- Ni-Resist
- Bronze
- PTFE
- Stainless Steel Nickel-Based Alloys
- Steel
- PEEK

Quality and Innovation Since 1929

ISO 9001:2015
CERTIFIED COMPANY

DATA SHEET HOOK CUT/ STEPLOCK

FEATURES

- Chamfer
- Radius
- Bronze Insert
- Groove
- Vent

COATINGS

- Manganese Phosphate
- Electroless PTFE/Nickel
- Tin & Tin Nickel
- Chrome
- Silver Lead Indium

APPLICATIONS

- Transmission
- Torque Converter Pumps
